BRIEF COMPANY DESCRIPTION:

Crysta-Lyn Chemical Company develops and manufactures custom, specialized high value fine chemicals. We manufacture Ultraviolet (UV), Visible, Near Infrared (NIR), and Laser dyes:

- to customer specifications,
- custom-designed and developed to meet unique applications,
- that are proprietary products available as stock items, or
- that are recognized CAS-numbered dyes
- with the fastest turnaround and delivery in the industry
- that we develop in collaboration and partnership with our clients

Our commitment to innovation and our deep knowledge base enables us to provide customer support by sharing technical expertise and advice in development of new dyes and absorbers for customers, from concept to completion.
